

COVID-19 Shared Responsibility Commitment

Athletics, Activities, and Performing Arts

Dear Parent/Guardian:

PYLUSD is committed to providing a safe and healthy environment for students to progress in their extracurricular activities. For this to occur, there must be a shared responsibility between parents/guardians and the school. We ask you to work in partnership with us in ensuring the health and safety of your student and family in the event of in-person activities.

As the parent or guardian of your student you agree to engage in a daily symptom check of your student before sending them to practice. Should your child become ill while at school, it is your responsibility to arrange for immediate pick up of your child. Your child will wait in a designated isolation area until they can be transported home or to a healthcare facility, if needed.

This shared responsibility commits each parent/guardian to the following:

Daily Symptom Check

- Parents will keep their child at home if they have any of the following symptoms of COVID-19:
 - Temperature of **100.4 degrees** or higher
 - Cough
 - Shortness of breath or difficulty breathing
 - Sore throat
 - Chills
 - Congestion or runny nose
 - Muscle pain or body aches
 - Fatigue
 - Diarrhea
 - Nausea and Vomiting
 - Headache
 - New loss of taste or smell
 - They have been exposed to COVID-19 in the last 14 days
- Parents will contact their child's coach/advisor to notify them of their child's symptoms.
- Parents are encouraged to contact a healthcare provider and have their child tested for COVID-19 if instructed. Once tested, they will notify the school that a COVID-19 test was administered.
- If a COVID-19 test is administered, a healthcare provider's clearance must be provided in order for their child to return to school.
- Parents will follow the PYLUSD Illness Guidelines which will be updated as state and local guidelines are modified.
